Step inside & you will be pleasantly surprised! You will love the space and good natural light that this refreshed ground floor one-bedroom apartment shows off about, in this cool 60's cream brick building & popular street, which lets you enjoy a brisk walk down to Station Street's wealth of lifestyle options and Train Station.

A standout free flowing floor plan proceeds you through its likable layout that showcases a roomy living area with a small outdoor retreat, separate eat-in kitchen, separate bathroom and robed bedroom.

Nice surprises include: Gas cooking, bathtub, front loader washing machine option and security intercom entrance into this well managed small block of only 8.
