### A Hidden Secret...

Once upon a time this address was home to only one family who built an exquisite period home of grand portions, but as time moved on a creative transformation was made that now presents this unique loft style apartment.

A classic pebble pathway, leads you to your front door which welcomes you into a surprising private setting which makes this apartment instantly feel like home. A generous living room provides the right ambiance for formal dinner parties with a real log wood heater, while the updated kitchen smartly separates itself from entertaining hiding your cooking mess from your guests. Its two bedrooms gives you flexibility depending if you need both, as the open loft bedroom, could be the perfect place to study or have as a studio space admiring its pretty church-like style window. Its bathroom improvements will please with space for a washing machine/dryer while the little tranquil decked outdoor space lets you hang your washing at ease.
