**Perfect Position In & Out Of The Block...**

Did you wish for? ...A top floor apartment in a private position, lots of natural light, big windows and an opportunity to put in practice what you may have learnt from television shows like The Block and House Rules? Well here's your chance to stamp your own personality on number 13, as this apartment has all the right ingredients you look for, with the added benefits of easy options to catch a train, tram or walk to the areas talked about attractions from this convenient location.

A refreshing and totally private outlook is enjoyed from both the generous living room and bedroom, while the separate kitchen and ensuite bathroom are totally workable as is, until you decide to take them to the next level. Other little lucky features include a bath tub, linen cupboard, robes and its envied position on this manicured development where no one walks past your door.
