Simply Gorgeous...

Framed by cottage gardens, this enchanting one + study home is a rare find for buyers craving a home with space and character. Once part of a larger mansion, this gem celebrates provincial charm and casual living.

Set behind a high fence for added privacy, enjoy a dedicated entrance, low-maintenance gardens and a sun deck for entertaining. High ceilings and a deep bay window emphasise the feeling of space in the open-plan living and dining zone, while cooks will appreciate the added luxury of a dishwasher and a 900mm gas stove. A thoughtful floorplan includes a study with loft storage, romantic main bedroom with robes and garden access, refreshed separate bathroom with bath tub, European laundry, garden shed and split-system heating/cooling.

Walk to High Street, Croxton Train Station and St Georges
