  1

SOLD \$516,000 At Auction...

There's a lot to commend this ground floor apartment with. Its set at the front of a small secure development of only 10, its large leafy courtyard offers its own independent entrance making it easy to park your bikes or entertain your friends in and its location puts you right in the heart of Westgarth, where convenience, lifestyle and fun nights are guaranteed.

Inside will further excite as the lounge is spacious and favourably leads outdoors, the kitchen is separate, the bathroom has a bath and laundry taps, there is a linen cupboard in the entrance foyer and the master bedroom is over generous in size with built in robe.

It will be easy to like and enjoy as is, but if you are feeling ambitious like the recent cast members on the TV series The Block, you are sure to get excited about the renovation possibilities.

Type : Apartment
