Best Valued Apartment in Town...

\$ 339,000

Uniquely placed at the rear of an imposing group of apartments perfectly positioned on the banks of the Merri Creek, is this elevated ground floor unit that has some key differences to its neighbours there's no one living above or below and it has its own entrance.

An excellent spacious floor plan and some recent improvements raises the desirability for first home ownership as it's comfortable presentation allows you to simply enjoy as is until you decide to stamp your personality into it.

Everything is right about its internal layout the bedrooms are separated by an entrance hallway, the separate kitchen with city glimpses could easily adjoin the large living room if you wanted it to, the bathroom is big, the laundry is hidden in a cupboard and there's also gas heating and cooking.
