Desirably located at the front of the block, this apartment boasts about its exclusive ground floor position which gets to enjoy a lush garden setting from its big windows in the open plan space, that clearly defines there's plenty of room for dining and living. The kitchen and bathroom are perfectly functional but if you are feeling inspired after watching recent renovating shows this could be your chance to become your own star inside and join the group of other enthusiastic owners on this block and watch the improvements on the outside unfold as a recently paid makeover levy is under way which can only increase this properties value.

An Exciting Opportunity...
