Up Front With Absolute Beach Front Views...

If you have been on the endless search for an apartment with the real WOW factor, well be sure that apartment 3 on the 6th floor has it all, so grab your checklist and let's get ticking.

Un-interrupted sparkling bay views, over sized floor plan that is naturally light and private, covered balcony, undercover secure parking and security intercom, entrance hallway and even a separate powder room, but wait there's more to get excited about.

Its neat retro decor can be easily enjoyed as is, but if you're feeling ambitious like The Block cast members you could do a lot more with its well placed kitchen and ensuite bathroom which incorporates laundry and even has a bath tub.
