

2/6 Kemp Street THORBURY VIC

1 1

Live Your Vintage Dream...

From the outside 6 Kemp Street appears to be a grand historic period home, but this unassuming entrance doesn't reveal the story that it has been transformed into four gorgeous homes.

A sandy stone entrance pathway leads you to one of these special homes, number 2. Behind its red door you will be enchanted by the charming blend of period features and pleasant private garden setting, where you can simply enjoy the outdoors as much as the indoors.

Its layout is designed for comfort and convenience with a welcoming entrance foyer and real wooden floorboards which perfectly flow into a delightful bedroom retreat, feeling the perfect sense of seclusion and privacy, with its private garden outlook through glass French doors. The living room allows comfortable lounge and dining options and smartly hides a cute galley kitchen with gas stainless steel appliances and fridge cavity space. One of the most
