Brilliantly designed with low maintenance living in mind, this sophisticated 3-bedroom home - on a block with just one other - gives you absolutely no reason to compromise your love for entertaining with its generous indoor and outdoor spaces, all just moments from Broadway Shopping Village and Reservoir Train Station.

A warm and homely refreshed interior clearly defines generous living and dining zones, which flow outdoors to a sunny backyard, along with a well-planned timber kitchen, family bathroom with dual access into the double-robed master bedroom suite, separate toilet, separate laundry and single lock up garage with direct garden access.

Other highlights include ducted heating, split system cooling, gas cooking, dishwasher and ample off-street parking options for at least two cars.
