

280 St Georges Road Northcote VIC

3 2 1

### Knuckle House?

Clean-lined simplicity of contemporary Japanese urban architecture has been perfected to this former bakery shop, which has been transformed into a spectacular home, promising to deliver a home full of personality and functionality truly one of a kind.

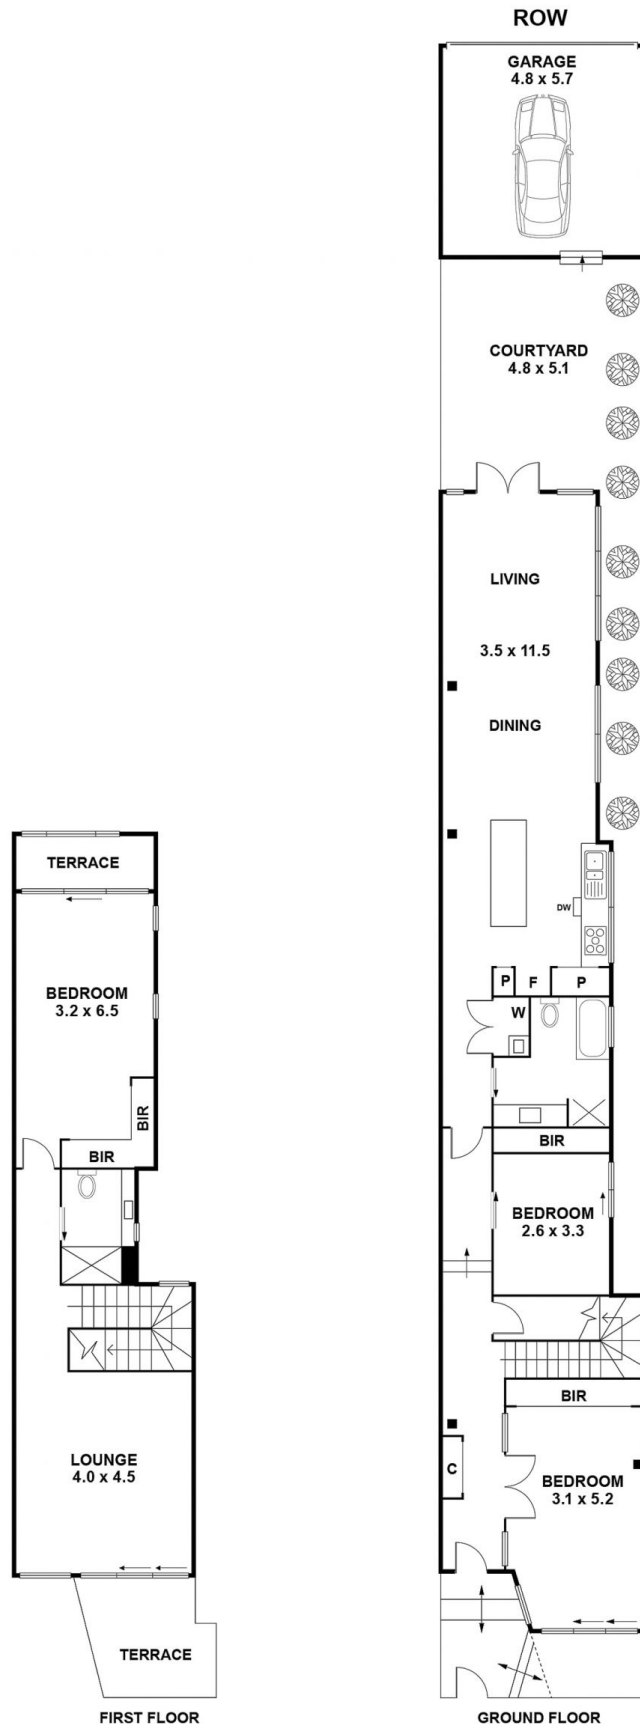

Amazing natural light delivers some of the winning effects but so too, does the in-leaning form of the upper-floor elevation that lends attic-like charm to the main bedroom domain with its own bathroom and a wonderful open home office setting or 2nd living room option, kept private behind the brick parapet enjoying city views when the nature strip tree loses its leaves or westerly sunsets all from a cool balcony retreat.

The Quirky, concrete slab underlies the downstairs interior that comfortably caters for entertaining, opening out onto a decked courtyard garden and a free-flowing open plan living that easily accommodates dining and living all in one.
