The sun shine's in perfectly throughout this super cute apartment, which has so many loveable retro elements, a hard to beat floorplan & favourable set back North facing street corner ground floor position, right in the heart of Miller Street Village conveniences and happening foody scene.

A welcoming entrance hallway separates a big bathroom retreat away from the bedroom and the living zone, which smartly positions the kitchen where's it's not compromising space where you need it but providing functionality. This practical kitchen has had some mod con improvements without losing some mid-century elements with its glass overhead display cabinetry and feature brick wall.
